

Learning Map-002

MLM Creation and Use

Intended Audience:

Anyone currently involved in cybersecurity including

- 1. All users of PERA website
- 2. Authors of PERA MLMs and Learning Maps

Context and Objectives of this Learning Map

This Learning Map explains the concept of MLMs and Learning Maps for casual users of the PERA website. It also describes the work process for contributing or commenting on MLMs.

Additional MLMs are provided for MLM Authors on how to create MLMs including instructions on content and format and MLM Production tips.

To facilitate automation and ultimately the use of AI agents, we have chosen to implement these Learning Maps as “Intelligent” XML Diagrams. Click on the following to view specific MLMs.
