

# Learning Map LM-002

## MLM Creation and Use

### Intended Audience:

Anyone currently involved in cybersecurity including

1. All users of PERA website
2. Authors of PERA MLMs and Learning Maps

### Context and Objectives of this Learning Map

This Learning Map explains the concept of MLMs and Learning Maps for casual users of the PERA website.

It also describes the work process for creating MLMs, instructions on content and format, and Production tips.

To facilitate automation and ultimately the use of AI agents, we have chosen to implement these Learning Maps as “Intelligent” XML Diagrams. Click on the following to view an SVG graphic that allows display of specific MLMs.
